

# RESUME

## Reinhold Klein

Sadelvägen 57  
25286, Helsingborg

Phone: +46734194460  
Fax: +46 4294460  
E-post: Reinim@me.com

## PROFILE

My qualifications include 15 years of experience in architecture and interior design working with large international projects such as Cruise ships and high rise office complexes. My experience as CAD manager and BIM based modelling, makes me ideal to support other offices in their transition to BIM. I am based in Sweden and come originally from Australia.

## EXPERIENCE

### Draftsman, Snowdown Homes, Melbourne, Australia 1988-1990

Together with the builder and real estate agent i drew house plans by hand for council approval.

### Traineeship, Contekton arkitekter AB, Helsingborg 1991-1992

Working in a team i produced drawings in AutoCAD together with supervising architects. I used my German and worked with the renovation of hospitals to apartments in East Germany. I assisted the CAD manger with training.

### Designer/ CAD manager, Eurocon arkitekter AB, Helsingborg 1992-1994

I worked as a junior, designing McDonalds restaurants in Finland and Sweden. I was responsible for CAD and worked with ArchiCAD and TopCAD.

### Designer/ CAD manager, Tillberg Design AB, Viken 1994-2001

Worked as senior designer/group leader in the interior design of public areas on board cruise ships. As CAD manager i was responsible for the transition to ArchiCAD with templates and support for 55 users in Viken Sweden and Fort Lauderdale USA.

### Consultant, Angley & Arrowsmith, Australia 2001

Responsible for creating a web based GDL library for retail design.

### Consultant, Woods Bagot Architects, Australia 2001-2002

Worked with office design in two skyscrapers in Melbourne and was responsible for documentation in the Interior design department in ArchiCAD and Teamwork.

### Consultant, Möller Arkitekter, Ängelholm 2002-

I work with large residential projects. Responsible for the transition to BIM based modeling, templates and support in ArchiCAD.

## EDUCATION

Western University, Melbourne Diploma in Building engineering, 1984-1987

RMIT University, Melbourne Under graduate coarse in Interior design, 1987-1989

AMU, Malmö AutoCAD/ Point-training, 1991

Lasercad, Malmö ArchiCAD-training, 1992

Komvux, Helsingborg Swedish language, 1992-94

Lasercad, Malmö Photoshop and Artlantis training, 1994

Creative tools, Halmstad Maxwell render-training, 2006

## SKILLS

In the architectural field my experience spans from family housing design in Melbourne, hospitals in Germany, apartment buildings in Sweden, McDonald restaurants in Finland to luxury cruise liners from all around the world. My experience with CAD is extensive, starting with AutoCAD in 1991, I was later introduced to ArchiCAD where I have been a part of educating many architects in the use of CAD and BIM. In recent years I have also been a beta- tester of ArchiCad. My strong points lie in 3D modelling, cad management and visualization.
